MEDX ED Option

Why it's best for you

You’re a dynamic, young professional, and you know what you want! You can take care of your day-to-day spending when you need to see a doctor or dentist yourself, using your credit card. So, why get the scheme to cover this? It’s an unnecessary expense. Plus, you’re healthy enough to not need to go to a doctor that much anyway.

You’re looking for the essentials, so what you need is the best hospital plan that money can buy, with unlimited cover at a private hospital. You’re happy with the cover provided by the 27 chronic conditions which form part of the minimum benefits every scheme has to cover. But you want to know that if something happens, like cancer, you’ve got the cover you need.

Naturally, you need great hospital benefits, offering comprehensive cover. It goes without saying that hospital cover should be unlimited at a private hospital. You live close to a Netcare hospital and don’t need to go to “any” other hospital. Any Netcare hospital will do. For chronic medicines, you’re happy to go to Dis-Chem. That is what makes the MEDX ED Option different to the standard one.

Another reason you’ve chosen this scheme, is because you’re big on life and living it to the fullest. You love the cover CompCare provides for adventure sports, which many other schemes exclude. And, if you think you need something with more flexibility, such as a flexible savings account, why not consider buying up to the UNISAVE option, which provides identical hospital benefits to the MEDX Option, plus a 25% savings plan for day-to-day cover that you can spend as you like. Surf the CompCare website for more details (compcare.co.za).

Understanding your option

Let’s face it, medical jargon and terminology can make your benefits about as easy to understand as nuclear science. Getting to grips with some key terms and concepts should, however, assist to shed some light on a subject that can at best be muddling.

So let’s get started on explaining some of the basics of your cover: You pay your contribution and based on that we pay your claims. Claims are incurred when you visit a doctor/dentist/optometrist/specialist, or any other registered healthcare provider, or if you are hospitalised.

Claims are divided into two categories, namely routine or day-to-day, out-of-hospital claims and in-hospital (otherwise known as major medical risk) expenses. The MEDX ED option is a hospital plan and provides cover for in-hospital claims which is paid from the scheme’s risk pool. Hospital expenses are unlimited at any Netcare hospital, but sub-limits may apply to certain specified services.

In addition to the cover for in-hospital claims, you will benefit from a comprehensive range of Wellness and Preventative benefits which are also paid from the scheme’s risk pool. This option also offers postoperative rehabilitation benefits.

BENEFITS / MAJOR MEDICAL EXPENSES

Benefits are paid @ 100% of the scheme rate unless otherwise specified

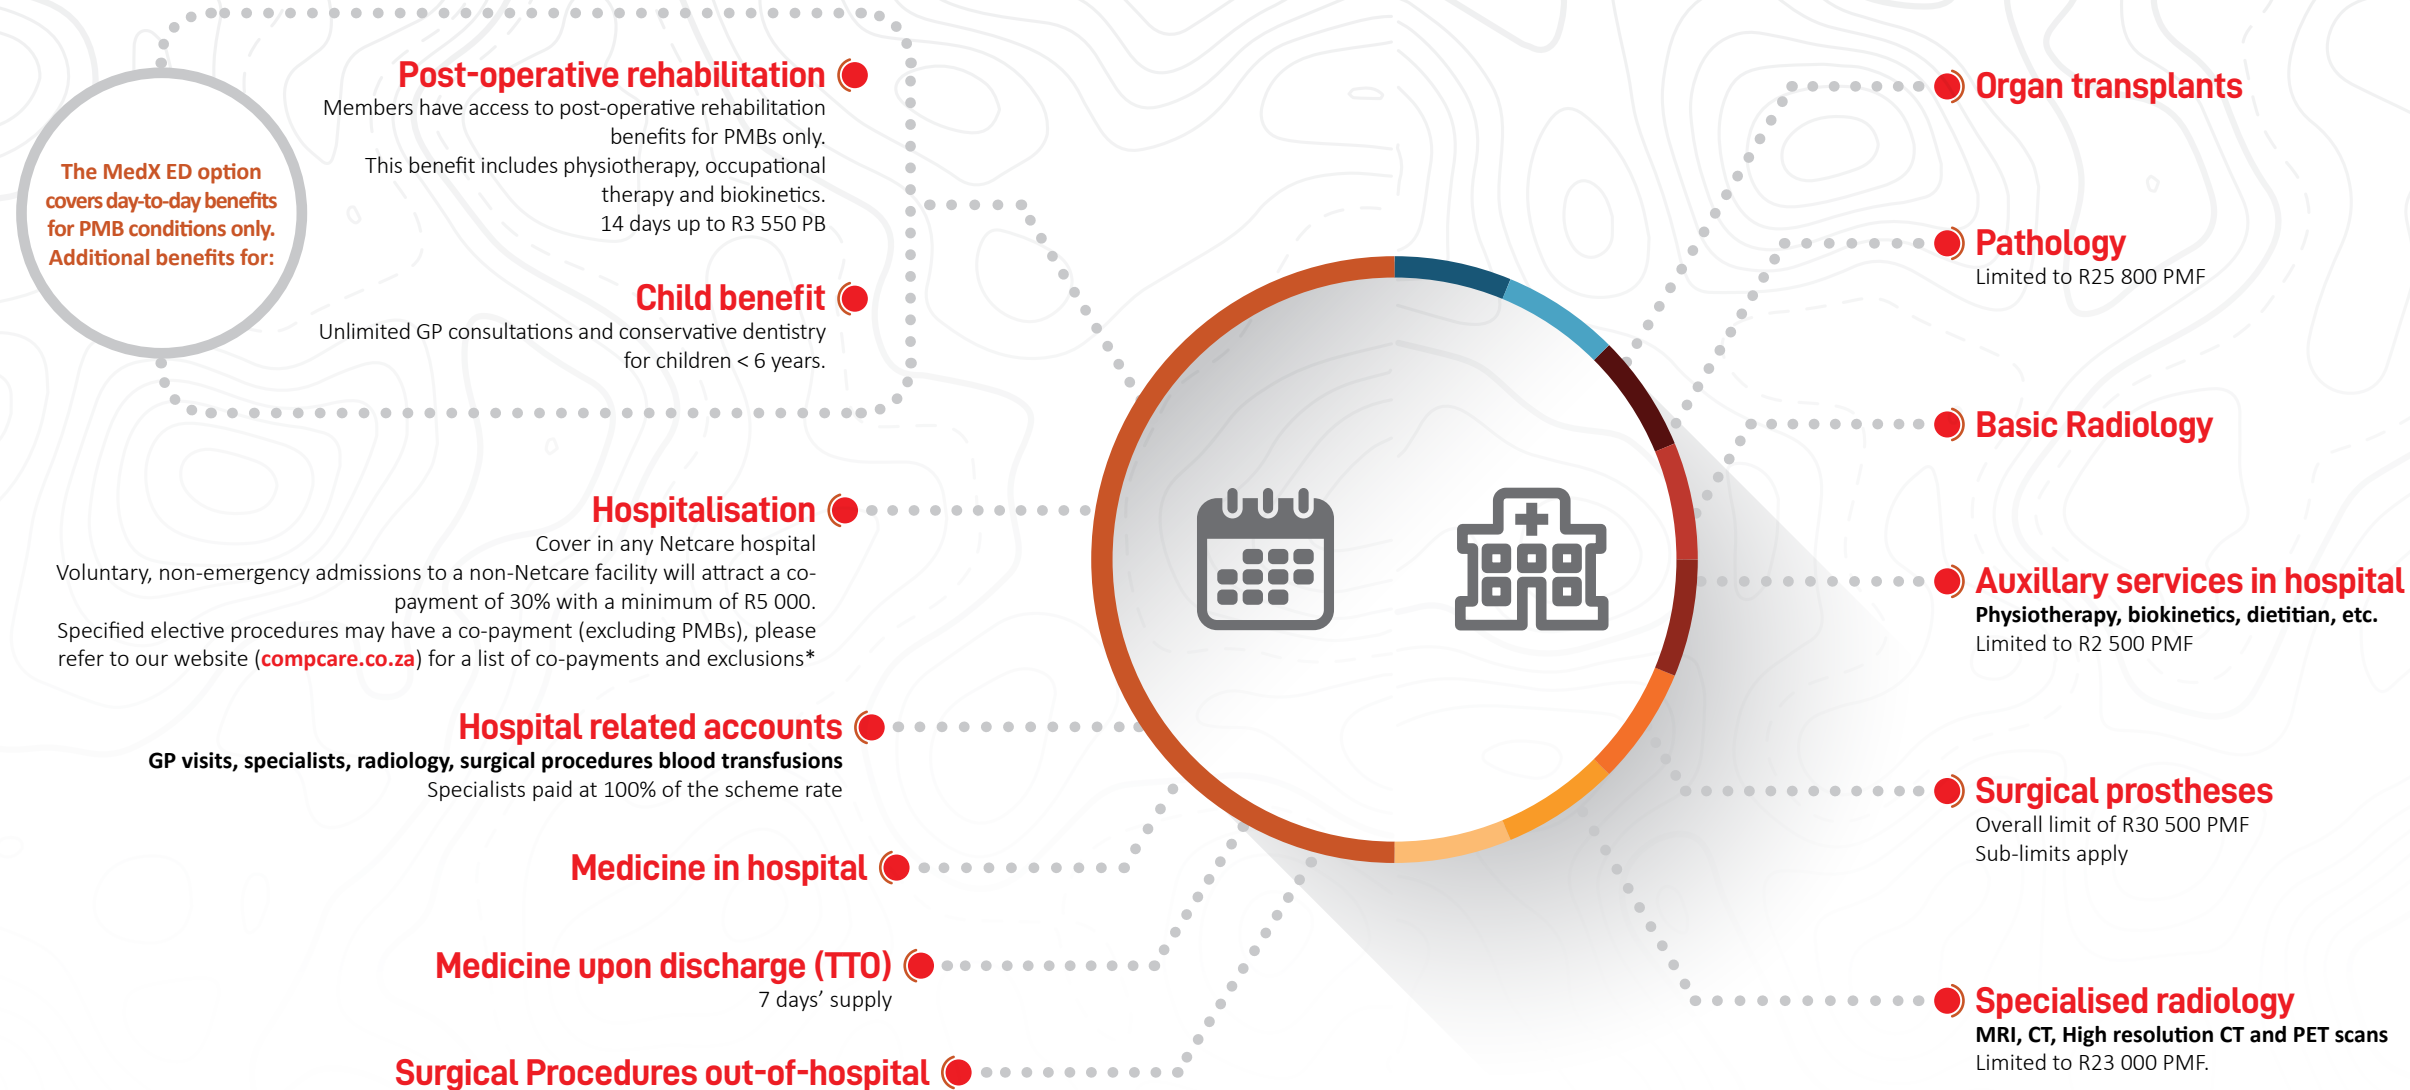

HOSPITAL BENEFIT/

Major medical expenses

Benefits are unlimited and paid @ 100% of the scheme rate unless otherwise specified.

Overall Annual Limit (OAL) unlimited

PLEASE NOTE: Treatment subject to pre-authorisation, case management specialist programmes and scheme protocols.

*EXCLUSIONS

Apart from the general exclusions of the scheme as listed under the hospitalisation section and related treatment for the following procedures are excluded, unless a PMB:

- All joint replacements, except in the event of acute injury.
- All spinal surgery (including neck), except in the event of acute injury.
- Deep brain implants (e.g. Parkinson's Disease) and internal nerve stimulators.
- Corneal transplants.
- Cochlear implants.
- Bunion surgery.

HOSPITAL PRE-AUTHORISATION PROCESS

It's the member's responsibility to make sure that all non-emergency hospital admissions are authorised by either phoning **0860 111 090** or by sending an e-mail to preauthorisation@universal.co.za. These must be authorised at least 48 hours prior to admission. The member, doctor or hospital may phone in for this authorisation. The hospital utilisation management team will need the following details: Name of the patient being admitted, medical

aid number, hospital name, date of admission, name and practice number of admitting practitioner, ICD 10, and procedural codes. A penalty will apply for late requests for authorisations. Emergency admissions must be authorised on the first working day after admission. There will be a penalty if the member does not obtain authorisation. This also applies to oncology treatment.

BENEFITS PAID FROM RISK*

(unless otherwise indicated)

*SCHEME PROTOCOLS APPLY

CHRONIC MEDICINES*

Members must obtain their chronic medicines from a Dis-Chem pharmacy (including Dis-Chem Courier Pharmacy (DSP). A 25% co-payment will be payable upon voluntary use of a non-DSP Pharmacy.

27 Chronic conditions (Chronic Disease List – CDL) are covered. Visit our website to view the list (compcare.co.za).

Once you have registered there is an unlimited benefit with no co-payments or levy if the medicine is on the scheme's formulary and the price of the medicine is equal or less than the reference price of the product.

A 25% co-payment will apply if medicine is not on the formulary.

Phone **0860 111 900** to register your chronic condition or register on the Mobi App.

PRESCRIBED MINIMUM BENEFITS (PMBs)*

All PMBs are defined in the Medical Schemes Act No 131 of 1998.

Organ transplants, renal dialysis and plasmapheresis are paid in terms of PMB protocols.

EMERGENCY CARE

What to do in the event of an emergency:

Call the emergency medical services provider, **Netcare 911** on **082 911**.

Please note: To avoid a 25% co-payment, authorisation needs to be obtained at the time of the emergency, or within 24 hours thereafter.

PLEASE SEE EMERGENCY EVENTS BELOW*:

- Emergency roadside assistance and ambulance transportation.
- **Hospital emergency room/Casualty emergency** visits resulting in a hospital admission will be **paid from the in-hospital benefit**.
- **Hospital emergency room/Casualty emergency** visits as a result of physical injury caused by an external force will be paid in full.
- **Emergency search and rescue.**
- Refer to Kids Wellness benefits for additional emergency care related to children.

WOMEN'S HEALTH*:

- **Antenatal visits:** Limited to 12 ante-natal visits with a GP, midwife or specialist. Maternity bag issued on registration on maternity programme.
- **Confinements:** Includes 2 x 2D ultrasound pregnancy scans. Members can opt for a 3D scan which will be paid at the rate of a 2D scan.
- **Fitness Assessment and Exercise prescription:** Access to the Universal Network of biokineticists for annual fitness assessment, exercise prescription and regular monitoring.
One additional assessment per pregnant woman per pregnancy.

- **Nutritional assessment and healthy eating plan:** Access to the Universal Network of dietitians for annual assessment, healthy eating plan prescription and regular monitoring.
One additional assessment per pregnant women per pregnancy.

- **Unlimited GP consultations and basic dentistry** for children < 6 years once day-to-day benefits are depleted.
- **Initial Occupational Therapy** consultation
- **FitKids fitness assessment and exercise prescription** programme
- **NutriKids nutritional assessment and healthy eating** programme

CHRONIC CONDITION AND MEDICINE REGISTRATION PROCESS

In order to receive the chronic medication benefit, members will need to register their chronic medicine prescriptions with Universal. To register your chronic medicine prescription with Universal, either you, your doctor or your pharmacist will need to contact Universal telephonically on **0861 222 777** or send an e-mail to chronicmedicine@universal.co.za. Application forms are no longer needed.

Staying fit and healthy is a life long struggle that requires motivation in abundance. Find your focus and get fit!

From being able to swim that extra length, or run another kilometre to drop that extra kilo, finding that boost of energy and motivation (when all you want to do is reach for the snooze button) is what it takes to tackle your goals! So, we're here to help...

GO ON, GET ACTIVE!

Whether you're a gym bunny flexing your triceps, someone undergoing rehabilitation after a major injury or operation, or just an average Joe or Jane wanting to improve your physical health, we've got something that's fit for you! The World Health Organization now regards exercise as a treatment, and exercise prescription is an evidence-based way of treating illness and disabilities, and ensuring overall wellness. They recommend that adults aged 18–64 should do a minimum of 150 – 300 minutes of moderate-intensity exercise per week.

We've got you! Sign up for our scientific Fitness Assessment and Exercise Prescription Programme to benefit from regular interaction and monitoring, courtesy of one of our registered biokineticists and exercise facilities. And the sweetener? You can do this without paying gym fees.

EAT YOUR WAY TO WELLNESS

And while you're at it, you might as well start eating healthier too! And we'll guide you along every step of the way. Get going by signing up for our Nutritional Assessment and Healthy Eating programme, which provides a consultation with a registered dietitian with a personalised health eating plan. Whether you want to lose weight or eat correctly for health reasons, or follow a top achiever sports nutrition programme, we're here to help you reach your goals.

Remember: excuses don't burn calories. So, sign up today!

Kids' health

They're the future, so just like you, we love all children. Which is why we've designed a special kid's range of benefits to ensure that their every health and wellness need is catered for. From baby wellness visits to childhood immunisations, school readiness assessments, pre-school eye, hearing and a dental screening – we've got your precious ones well cared for.

For every child younger than six years, you now get unlimited GP visits and basic dentistry as well as an extra visit to an emergency room every year. Furthermore, we cover a consultation with an occupational therapist, a fitness assessment and exercise prescription programme, as well as a nutritional assessment and healthy eating plan specially for kids. Now all you have to worry about is convincing them to eat the green stuff on their dinner plate!

Women's health

Women really do run the world (and it didn't take a Beyoncé song to convince us): juggling their careers with caring for their family, and everything in-between. Women tend to be great at prioritising the healthcare needs of others ahead of their own. This is why we're always encouraging you to invest in some self-care. Take advantage of the routine health screenings on offer, which are appropriate to your individual stage of life and lifestyle.

And please remember the importance of having a regular mammogram; we know it's not fun but it is very necessary. Among the benefits we have lined up for you is an annual benefit for contraceptives, including Intrauterine devices (IUDs) and oral contraceptives.

Men's health

Did you know that prostate problems are one of the most common conditions affecting men today? In fact, over 4 000 men, some as young as 40, are diagnosed with prostate cancer in South Africa every year.

Taking this into account, a prostate check, together with a prostate specific antigen (PSA) blood test, is definitely the right thing to do. Your PSA test is a guaranteed benefit, and paid from the scheme's risk pool, so there's really no excuse not to...

LIVE WITHOUT LIMITS!

So, you love the outdoors and that rush of adrenalin just before you take the plunge skydiving, racing down a steep mountain with your new bike, or burning rubber down the main straight...

We're big on life and on living life to the fullest. We share your taste for adventure, so whether you're a professional sport junky, or a weekend mountain climbing enthusiast, we've got you covered!

We've got the ultimate package for you. We never compromise on care, so if you get injured or ill, we'll send in the troops (and the search and rescue if need be).

MEDICAL SCHEME GONE MOBILE!

The power of your medical scheme is in your hands. Our Member App is your mobile gateway to information, allowing you to view and edit your medical scheme option, benefits and claims anywhere, anytime!

YOUR MIND MATTERS

South African studies show that more than 30% of adults will have suffered from some form of mental disorder in their lifetime, and one in six adults – or 16.5% – suffered from common mental disorders. A quarter of these cases were classified as serious, which represents about four out of every hundred South Africans.

When it comes to your emotional health and wellbeing, we've got you covered! Because we care, we've made sure that you have the necessary benefits available to you when you need them most. We offer a 24-hour help-line with trained clinical professionals to help you whenever needed. A referral for face-to-face counselling is also available as part of your benefit package.

NO COMPROMISE ON CANCER CARE

Did you know that ¼ of South Africans have either personally been diagnosed, or have a loved one, family, friend or colleague with cancer? And as many as 100 000 South Africans are diagnosed with cancer every year. So, we want to give you the peace of mind of knowing that whatever happens, we've got you covered!

We offer an unlimited cancer treatment programme, subject to our treatment protocols at our oncology DSP.

HOW TO REGISTER ON THE MOBI APP

Keep in control of your medical scheme with the CompCare App. Simple, seamless and super convenient, the App makes it quick and easy for you to check anything from claims to benefits, and where your closest doctor is. Download the Mobi App on your smart device using the Google Play Store (Android users) or the Apple App Store (IOS users). Find and download the App by searching for 'Universal Healthcare Member'.

MEDICAL COVER WITHOUT THE COPAYS:

You can get more with CompCare by using our extensive network of Healthcare providers. Avoid co-payments and out of pocket payments by using one of the following Universal Healthcare Networks:

- Hospital
- Oncology
- Pharmacy
- Biokineticists
- Dietitians
- Psychosocial counsellors
