### **HOSPITAL BENEFIT**

Unlimited cover for in-hospital and hospital-related services at 100% of the scheme rate. Specialists are paid at 100% of the scheme rate.

## **Understanding your option**

Let's get started on explaining some of the basics of your cover: You pay your contribution and based on that we pay your claims. Claims are incurred when you visit a doctor/dentist/optometrist/specialist, or any other registered healthcare provider, or if you are hospitalised.

Claims are divided into two categories, namely routine or day-to-day, out-of-hospital claims and in-hospital (otherwise known as major medical risk) expenses. Your day-to-day claims are initially paid from your savings (PMSA) and thereafter your Annual Flexi Benefit (AFB). You have a set amount of savings per year that you can use for day-to-day claims. If you don't use all your savings in one year, the balance will carry forward to the following year and remain available to you.

This option also provides extended cover, this is referred to as the Above Threshold Benefit (ATB). When you run out of your savings and Annual Flexi Benefit (AFB), you will have to pay for some healthcare expenses from your pocket, this is referred to the Self-payment Gap (SPG). While you are in your SPG, you must still submit all your claims to us so that we know when to start paying from the Above Threshold Benefit (ATB). Your accumulated claims submitted need to reach a specific rand value level before the extended Above Threshold Benefit (ATB) will start to cover your claims. Limits and sub-limits apply to the Above Threshold Benefit (ATB).
