At CompCare we fully appreciate that choosing the right medical scheme for you, and those you care for, is one of the most important decisions you'll ever make. We also know that when selecting the best, most appropriate medical scheme for employees, making the right decision is as important. We are immensely proud of the road we have walked with you our members and the businesses we serve. Our individual and corporate clients will attest that we are a medical scheme that understands. More importantly still, we are there for everyone – every step of the way.

We have put in some hard work over several decades, and you'll find that in 2021 we have yet again designed market-leading preventative care and wellness benefits for our diverse membership base, while making sure that our innovative, well-crafted products still guarantee maximum value that meets your needs and budget.

If professional or adventure sports is what gets your heart racing you'll be excited to know that as the medical scheme for adventure seekers, we've got your next move well and truly covered.

MUMED

Option

You're young at heart, and focused on getting traction in your career and making a success of your life. You've recently got married and are planning to start a family.

You want something a little more comprehensive than what a savings plan offers. The MUMED ED option covers 37 chronic illnesses, which is a lot more than the minimum a medical scheme is required to cover by law. You also want to know that if something unforeseen happens, like cancer, you've got the cover you need.

Naturally, you need great hospital benefits, offering comprehensive cover. It goes without saying that hospital cover should be unlimited at a private hospital. You live close to a Netcare hospital and don't need to go to "any" other hospital. Any Netcare hospital will do. For chronic medicines, you're happy to go to Dis-Chem. That is what makes the MUMED ED Option different to the standard one.

You also qualify for innovative wellness benefits, such as an annual fitness assessment and exercise prescription programme, a nutritional assessment and healthy eating plan. Plus, you get a range of preventative care and wellness checks paid from the scheme's risk pool, to complement your day-to-day benefits, and to maximise the value you get.

Another reason you've chosen CompCare, is because you're big on life and living it to the fullest. You love the cover CompCare provides for adventure sports, which many other schemes exclude.

And, if you think you need something more, why not consider buying up to the SYMMETRY or DYNAMIX options? They offer higher day-to-day benefit limits and cover even more chronic illnesses! Surf the CompCare website for more details (compcare.co.za).

BENEFITS PAID FROM RISK

Wellness and Preventative Benefits

DAY-TO-DAY BENEFITS ARE SUBJECT TO ANNUAL FLEXI BENEFIT (AFB)

HOSPITAL BENEFIT

Unlimited cover for in-hospital and hospital-related services at 100% of the scheme rate. Specialists are paid at 100% of the scheme rate.

Understanding your option

Let's get started on explaining some of the basics of your cover: You pay your contribution and based on that we pay your claims. Claims are incurred when you visit a doctor/dentist/optometrist/specialist, or any other registered healthcare provider, or if you are hospitalised.

Claims are divided into two categories, namely routine or day-to-day, out-of-hospital claims and in-hospital (otherwise known as major medical risk) expenses. Your day-to-day claims are paid from your Annual Flexi Benefit (AFB), even though this is classified as a day-to-day benefit, it forms part of the scheme's risk benefit. You have a set amount of AFB per year that you can use for day-to-day claims. If you have used all your AFB before the end of the year, you will need to pay subsequent day-to-day claims from your pocket. The balance of your GP visits will however be available even though your AFB is depleted.

In-hospital claims are settled from the scheme's risk pool. Hospital expenses are unlimited, but sub-limits may apply to certain specified services.
