Understanding Your Option

Let's get started on explaining some of the basics of your cover: You pay your contribution and based on that we pay your claims. Claims are incurred when you visit a doctor/dentist/optometrist/specialist, or any other registered healthcare provider, or if you are hospitalised.

Claims are divided into two categories, namely routine or day-to-day, out-ofhospital claims and in-hospital (otherwise known as major medical risk) expenses. Your day-to-day claims are initially paid

from your savings (PMSA) and thereafter vour Annual Flexi Benefit (AFB). You have a set amount of savings per year that you can use for day-to-day claims. If you don't use all your savings in one year, the balance will carry forward to the following year and remain available to you.

This option also provides extended cover. This is referred to as the Above Threshold Benefit (ATB). Should you run out of your savings and Annual Flexi Benefit (AFB), you will have to pay for some healthcare expenses from your pocket. This is referred to the Self-payment Gap (SPG). While you are in your SPG, you must still submit all your claims to us so that we know when to start paying from the Above Threshold Benefit (ATB). Your accumulated claims submitted need to reach a specific rand value level before the extended Above Threshold Benefit (ATB) will start to cover your claims. Limits and sub-limits apply to the Above Threshold Benefit (ATB).

DAY-TO-DAY BENEFITS

Benefits are paid @ 100% of the scheme rate unless otherwise specified.

WHAT DOES 100% OF SCHEME RATE MEAN?

SCHEME RATE refers to the maximum amounts that a medical scheme will pay for specific treatments and procedures. 100% OF SCHEME RATE means the scheme will pay 100% of what is specified in the Scheme Rules.

Please note that some providers might charge more than what the Scheme will pay for and the member is liable for that shortfall.

PLEASE NOTE: Treatment subject to pre-authorisation, case management, specialist programmes and scheme protocols.

HOSPITAL PRE-AUTHORISATION PROCESS

It's the member's responsibility to make sure that all non-emergency hospital admissions are authorised by either phoning **0860 111 090** or by sending an email to preauthorisation@universal.co.za. These must be authorised at least 48 hours prior to admission. The member, doctor

or hospital must contact the scheme for details: Name of the patient being admitted, medical aid number, hospital name, date of admission, name and practice number. of admitting practitioner, ICD 10 and

procedural codes. A penalty will apply for late requests for authorisations. Emergency working day after admission. A penalty will apply, should the member not obtain authorisation. This also applies to oncology treatment.

This brochure is a summary of the benefits of CompCare Medical Scheme. All information relating to the 2022 CompCare Medical Scheme benefits and contributions are subject to formal approval by the Council for Medical Schemes. On joining the Scheme, all members will receive a detailed member brochure, as approved. The final registered Rules of the Scheme will apply.

All limits are pro-rated when a member or a beneficiary joins the scheme during the year, calculated from the date of registration to the end of that financial year. If you leave the Scheme before the year is up and have used all the funds in your savings account, you will owe the Scheme the advanced portion of the Medical Savings Account you have used as it is a pro-rated benefit allocated in advance for the full benefit year. This summary is for information purposes only and does not supersede the rules of the Scheme. In the event of a discrepancy between the summary and the rules, the rules will prevail.
